

Single Computerized Terry Jacquard Circular Knitting Machine

This machine manufactures loop pile or terry fabrics, which can be used for producing bath towels, to welling blankets, to welling pillows and other soft-cloth materials.

- Capable of knitting different bath accessories and blankets
- Data can easily be saved and stored
- **Application Area:** Home textiles and Fashion clothes (Sofa cloth, bed sheet and curtain)

Main Features:

This machine manufactures loop pile or terry fabrics, which can be used for producing bath towels, towelling blankets, towelling pillows and other soft-cloth materials. Its knitted fabrics are popular with customers due to the uniform pile length and great fastness of the pile. Sintelli's terry jacquard knitting machine is capable of producing unlimited popular patterns.

- **Advanced Control System.** Pattern information can be input, and changed quickly and easily, through the computer system. These data are permanently saved in case of power outages.
