

## Body Size Double Jersey Circular Knitting Machine

New developed type to meet varying changes in the market. This small-diameter knitting machine can produce seamless shirts, underwear, swimwear and so on.

- High speed mini-size to meet market demand
- Ability to produce any seamless knitwear
- **Application Area:** Seamless T-shirt, underwear, nightwear or women's leggings
- **Applicable Yarn Materials:** cotton, synthetic fiber, silk, artificial wool, mesh or elastic cloth.

### Main Features:

New developed type to meet varying changes in the market. This small-diameter knitting machine can produce seamless shirts, underwear, swimwear and so on. Gear and all important components are imported from Japan and German to ensure its stable performance. Groz-beckert needles are used to produce quality fabric and prolong the lifespan of machine.

#### ➤ **Stable operation**

Well-made center system and plate for body size structure can ensure the stable performance with lowering the running noises and make fabric weight adjustment very simple and precise.

### Technical Data

Cylinder Diameter	Machine Gauges	No. of Feeders	Speed
12"-28"	16-28G	24F-56F	>30 RPM
